Objective

Motivated BCA 2nd year student with a solid foundation in web development, programming, and database management. Eager to apply my skills in a practical environment and contribute to innovative projects.

Education

Bachelor of Computer Applications (BCA)

INTEGRAL UNIVERSITY, LUCKONOW

Expected Graduation: JULY, 2024

Skills

- **Web Development:**
 - Frontend: HTML, CSS (Intermediate), JavaScript (Basics)
 - GitHub: Project deployment and version control
- **Database Management:**
 - Oracle, SQL
- **Programming Languages:**
 - C, C++ (Basics in OOP)
- **Design:**
 - Canva: Template design and graphics
- **Productivity Tools:**
 - MS Office Suite (Word, Excel, PowerPoint).
- **AI Tools:**
 - ChatGPT: Completed a 4-hour course.

Projects

- **Portfolio Website:**
Built a personal portfolio website using HTML, CSS, and JavaScript, showcasing my skills, projects, and contact information. Deployed it on GitHub Pages.
- **Brain Dump Website:**
Created a web application using HTML, CSS, and JavaScript to help users organize thoughts and ideas. Implemented responsive design for accessibility and added interactive features for an enhanced user experience.
- **Flipkart Front Page Clone**
Developed a replica of the Flipkart homepage using HTML and CSS, focusing on layout design, responsiveness, and clean user interface elements to closely match the original.

Certifications

- **ChatGPT Course:** Completed a 4-hour online course on ChatGPT, enhancing skills in AI application.
- **Cloud Computing Bootcamp:** Participated in a bootcamp focused on cloud computing, gaining foundational knowledge of cloud infrastructure and services.
- **Data Science Webinar:** Attended an online webinar covering key concepts in data science, including data analysis, machine learning, and big data technologies.
- **Cyber Resilience Workshop:** Participated in a workshop on cyber resilience, learning about strategies for defending against cyber threats and maintaining IT system security.
- **SEO Online Certificate:** Completed an online course in Search Engine Optimization (SEO) from Great Learning, gaining skills in optimizing web content for search engines and improving online visibility.

Additional Information

- Strong problem-solving and critical thinking skills.
- Ability to work well both independently and in a team.
- Keen to explore and learn new technologies and software.
